**Aims:**

This policy aims to clarify the measures required to be established to ensure the safety of all staff, children and school visitors in the event of an emergency situation within the school and also the measures expected to be in place for prompt and effective recovery following the event.

**Policy Statement:**

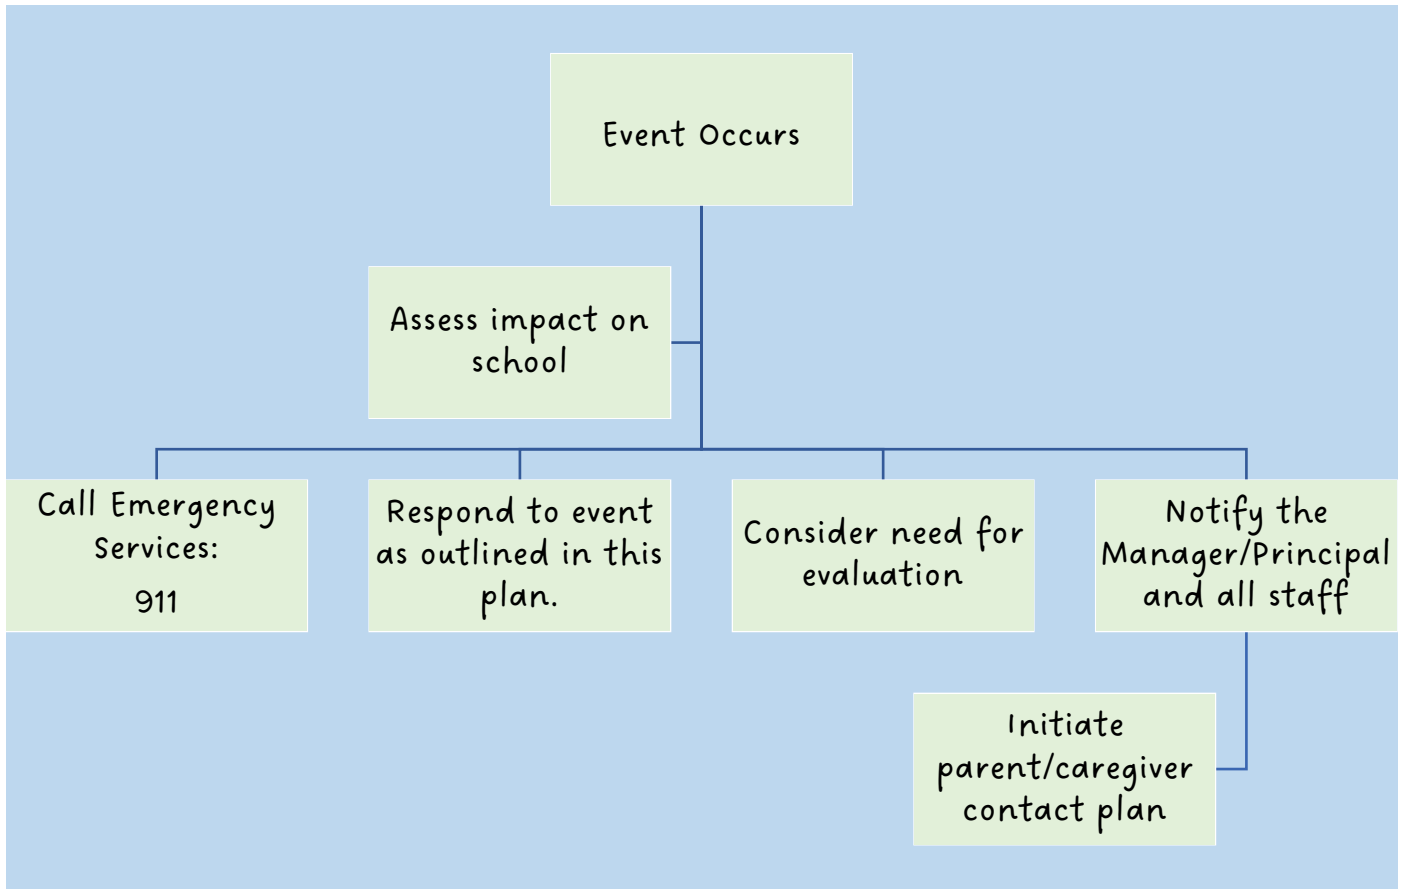

In the event of emergency situations the Montessori School of Cayman is committed to:

- ensuring safety
- minimising trauma or distress to children and their families, staff and visitors
- minimising damage and
- establishing prompt and effective recovery planning to assist in restoration of the centre and centre routines

### Basic Emergency Response Process

Some basic steps to follow when responding to any Emergency, which is outlined below:

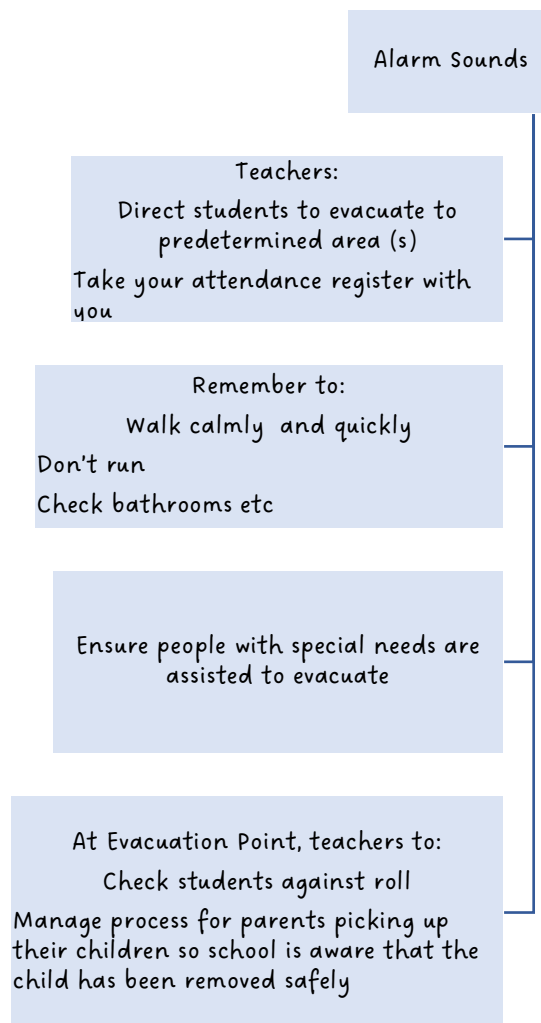

## Evacuation Procedure

Evacuation from the school may be required to ensure the safety of staff and students in an emergency event. In all cases Evacuations need to be planned and practiced to ensure that all persons know what to do in such circumstances.

### General Evacuation Plan

## Emergency Contact Plan – Parents and Caregivers

---

In any Emergency event, you will need to contact parents and caregivers to advise them on the situation, and advise how they can collect their children.

### Our Emergency Contact Plan – Parents and Caregivers

Record here:

1. In the event of an Emergency, parents will be advised at their earliest convenience by a text from one of our classroom phones (345-547-4717, 345-547-4716 or 345-323-2602), by phone call from our school, and/or by email from [admin@caymanmontessori.com](mailto:admin@caymanmontessori.com)
2. Montessori School of Cayman monitors students' attendance and keeps a daily digital record using our school app on Transparent Classroom. Your child is logged in and out on a classroom iPad when they arrive in the morning and leave in the afternoon, along with information on who dropped them off or collected them for the day.  
Your child's profile contains a list of authorized persons to collect your child from school. In the event that someone not on the list comes to get them, we require parents to notify us beforehand and go by a 'password' system to ensure the safety and well-being of all of our students.  
Should our app not work, we will make a physical recording of attendance if necessary.

## **FIRE EVACUATION POLICY**

### **PURPOSE**

The purpose of this plan is to establish procedures for the systematic, safe and orderly evacuation of The Montessori School of Cayman, and its occupants in the event of a fire or other emergency.

### **OBJECTIVES**

1. The primary objective of this plan / policy is to minimize and / or prevent injury and property damage.
2. The second objective is to provide proper educational training as part of the continuing training program for all occupants, to assure the prompt reporting of a fire and the proper response to fire alarms, and the immediate initiation of fire safety procedures to safeguard life and contain fire until the arrival of the fire department. This Fire Safety Plan will be placed into effect by designated emergency evacuation personnel upon activation of fire alarms or notification of any emergency condition.

### **FIRE SAFETY ORGANIZATION**

To effectively implement the provisions of this Fire Safety and Emergency Evacuation Plan / Policy, a Fire Safety Organization for the building will be established and staffed as follows:

**EMERGENCY DIRECTOR** : Courtney Peddle

**EMERGENCY WARDEN FOR CASA**: Anisa Hanif

**DEPUTY EMERGENCY WARDEN FOR CASA** : Blessa Valdez

**EMERGENCY WARDEN FOR TODDLER**: Quesia Aviles Valencia

**DEPUTY EMERGENCY WARDEN FOR TODDLER**: Julia Ponce Tornero

**PERSON TO CALL 911**: Briana Bergstrom Currie

**PERSON TO CHECK THAT THE BUILDING IS CLEAR**: Courtney Peddle

**EVACUATION ATTENDANTS FOR PEOPLE WITH DISABILITIES**: Emy Passaniti

**PERSON TO ENSURE ALL ACCESS GATES ARE UNLOCKED FOR EMERGENCY SERVICES:**

Andrea Ho

**DUTIES OF THE EMERGENCY DIRECTOR**

1. Be thoroughly versed with this Fire Safety and Emergency Evacuation Plan. Periodically review the plan to ensure that it is current, and incorporate all administrative, technical and operational changes. **(If changes are made re-submit a copy to the Cayman Islands Fire Service for review and approval).**
2. Ensure that Fire Wardens and Deputy Wardens are assigned for each classroom.
3. Conduct fire drills monthly as required by law.
4. Maintain a current list of persons with disabilities and their location(s).

**DUTIES OF THE EMERGENCY WARDENS AND DEPUTY EMERGENCY WARDENS**

Each room of the building will be under the designated Fire Warden for the evacuation of occupants in the event of a fire. He/She will be assisted by Deputy Fire Wardens. A deputy warden will be assigned to each classroom. In the absence of the Fire Warden, one of the Deputy Wardens will assume the Warden's responsibility.

Each fire warden will review and study the floor plan of the school building and determine that all fire doors (if installed) are automatically released to closed position in the event of an alarm. They will also be knowledgeable of all equipment related to fire protection.

Fire wardens shall have a current list of persons with disabilities for their respective classrooms. Those persons who cannot access evacuation corridors unaided will have two 'evacuation attendants' assigned for assistance.

**PERSON TO CALL 911**

In case of fire or other emergency, these people will be assigned to call 911 immediately, give their name, name of the occupancy / facility, address and nature of emergency.

**EVACUATION ATTENDANTS**

In case of an emergency, two Evacuation Attendants will be assigned to help each person with a disability to assist them in evacuating the building.

## **EVACUATION IN EVENT OF FIRE OR OTHER EMERGENCY**

In case of fire, the Warden or Deputy Warden will first ensure that an alarm has been activated and the Cayman Islands Fire Service has been contacted. (Call 911, give your name, the name of the school / facility, address, and location of the fire).

**Upon sounding the alarm horns, the Deputy Wardens will immediately begin evacuating the occupants to the nearest approved fire exit.**

While the occupants are moving towards the exits, the Fire Warden or the alternate will search the building to ensure that all persons are evacuating the building. A Deputy Warden should be assigned to check storage rooms, restrooms, kitchens etc. to ensure that all occupants are evacuated.

All occupants must proceed to the exits in an orderly fashion. Remember that some persons may require assistance due to disability. Report any missing or persons needing special assistance to the fire department.

All evacuees will proceed directly to the assembly point / muster point on the property located at a minimum of 100' ft. from the building. Wardens and Deputy Wardens will be responsible for directing all missing persons to the fire department personnel.

In the event of a fire located at the front of the Montessori School of Cayman building (on South Church Street), our driveway will be obstructed and inaccessible. If this is the case, staff and students will evacuate the premises using the back exit gate entering onto Point Four Street. Staff will carefully escort students safely onto Echo Street, where we will congregate on an empty lot on the left side of the road. When it is safe to do so, parents of students will be contacted to collect their children and will be asked to get to Montessori School of Cayman by using Walker's Road and entering onto Moxam Road.

In the event of a fire located at the rear of Montessori School of Cayman's building, our muster point will be inaccessible. If this is the case, staff and students will evacuate the premises using the front doors and gates onto our school driveway and South Church Street. Staff will carefully escort students to the empty lot adjacent to the school building, at the entrance of Point Four Street. When it is safe to do so, parents of students will be contacted to collect their children and will be asked to get to Montessori School of Cayman by using South Church Street.

**DO NOT re-enter the building until permission is given by the fire department. Do not silence or reset the fire alarm system until told to do so by the Cayman Islands Fire Service.**

**IF YOU DISCOVER A FIRE< OR SEE OR SMELL SMOKE – “RACE”**

**R** – Rescue persons in immediate danger if you can safely do so.

**A** – Activate fire alarm by pulling nearest fire alarm pull station and call the fire department at 911.

**C** – Contain the fire and smoke by closing as many doors to the fire area as possible.

**E** – Evacuate immediately all persons to the assembly area. Do not put yourself or anyone else in danger.

**FIRE EVACUATION DRILLS AND TRAINING**

Fire evacuation drills will be conducted monthly as a continuing part of the fire safety education program as required by the Local Fire Code. All personnel and students occupying the building will participate in the drills.

Details of the drills and evaluation of their effectiveness will be maintained on record by the Fire Safety Director. This information will be available for examination by the Cayman Islands Fire Service whenever requested.

All drills shall begin with the sounding of the fire alarm horns. Please notify the Cayman Islands Fire Service at 345-949-2499, before and after each drill.

All staff members will be trained on the evacuation plan as needed.

## HURRICANE/TROPICAL STORM/SEVERE WEATHER

In the event of a hurricane or tropical storm warning, Montessori School of Cayman will be closed. ***We follow the recommendations placed on Government schools. Parents are advised that if Government schools are closed, we will also be closed until further informed.*** If the announcement for school closing is issued during school hours, you will be advised by the Head of School and asked to come and collect your child. If the announcement for school closing is issued outside of regular school hours, you will be advised by no later than 7:00am the same day.

In order to prepare our school for a storm, a few precautions will be taken to ensure the safety of all students, staff, the materials and our school environment. We will take the following actions based on whether the Cayman Islands is on storm 'alert', 'watch' or 'warning'.

**Storm Alert – storm conditions expected within 72 hours**

**Storm Watch – storm conditions are expected within 48 hours**

**Storm Warning – storm conditions are expected within 36 hours**

- All outdoor toys in the garden will be removed and stored in the back classroom of the school building.
- All picnic tables on the back porch will be moved and secured as best possible.
- All sail shades will be removed and stored for safe keeping. If necessary the privacy screen around the premises of the playground will be removed.
- School maintenance team will ensure trees in our playground and premises are secured and cut appropriately.
- School animals will be moved and secured in the school building, the home of a staff member or Head of School.
- All students' personal belongings will be sent home with them.
- Edgewater Development will be called (946-3343) to organise putting up the required shutters on the outside of our school building for protection. They will also do a final check to ensure the overall safety of our school building and environment.

- All potted plants located on school property will be secured and moved inside for safety.
- Sandbags will be placed at each doorway in the event of flooding.
- School staff will be given time in order to organise and prepare their own homes and personal effects.

The school will remain closed until the storm threat has passed and conditions and the school structure deemed safe for staff and students to return. Parents can check HMCI and listen to Radio Cayman for updates on schools reopening.

Once the all clear is given, the school's administrative team will contact school staff via WhatsApp or email to provide an update. If safe to do so, all staff will be asked to come into school to assist with cleaning up and dealing with any sustained damage to the school property. Once the building and property is fit to reopen, staff will also be expected to assist in ensuring the school is ready for students.

- Description, location, and identity of offender if known
- Identify the ‘target’ of aggression if known
- Alert staff/students (avoid using the fire alarm)
- Move everyone out of hallways and into rooms
- Lock and or barricade, or cover if possible, doors/windows
- Keep quiet and do not leave the classroom unless it is safe to do so
- Should the event occur while students are outside, instruct students to move to the nearest secure room or to a safe predetermined assembly area which may include an off site area close to the school
- Once police arrive, liaise with them to secure the crime scene (s)
